

We are all “Good Neighbors”

Welcome to Clatsop County. We hope you'll enjoy your stay and feel like a temporary local while you enjoy the outdoors, restaurants, shopping, museums and attractions.

Our vacation rental home “Expectations of Conduct” are with guests in multiple ways— on our website, at time of booking, and upon arrival. These are enforceable standards required by the local jurisdiction, but are really just common sense courtesies.

The “Good Neighbor” Experience

Neighbors and Noise

We live in in a rural area in a residential neighborhood. The neighborhood general quiet hours are from 10pm – 7am.

Parking

Parked vehicles may not block driveways or emergency vehicle access lanes. You wouldn't want someone to block your driveway; and obstructed emergency access means delays, and delays could cost someone's life. Please park smart.

Speed Limits

Be mindful of posted speed limits. If you're not sure, just slow down.

Garbage

All garbage will be put in the provided secure containers, and will be picked up by a local franchised hauler at least once a week.

Pets

Leash your pet unless you are in a clearly defined off-leash area. Also, clean up after them. It's your duty to pick up your pet's doody!

Fires

Fires are only allowed in designated areas and/or during specific times of the year, and should never be left unattended or not extinguished with water. Be sure the fire is out completely. That's also true of barbecues that use wood or charcoal.

Fireworks

The State Fire Marshall says "Keep it legal and keep it safe." Fireworks are prohibited on all of our beaches.

Drones

Be mindful of where you are flying, and respectful of private property and wildlife.

Trespassing

Always be mindful of others private property. When in doubt, utilize roads or sidewalks if available. Always respect private property signs and never assume that a vacant lot is a public park.
